How to Mark a Monthly Administration Record:

Step 1. Remove the previous day's patch

Step 2. Write your initials and the date in the Remove Row under the corresponding Application Site column

Step 3. Apply a new patch to an appropriate Application Site

Step 4. Record the Application Site number on the diagram

Step 5. Initial and date in the Apply Row under the new Application Site number

Important Suggestion:

To help avoid skin irritation, rotate the site daily, alternating left side to right side.
